Food diaries aid oral health	March	12
New light shed on plaque buildup	June	12

## The more you know about dentistry

## the more you want to know

Dentistry has made history . . . since you cut your first tooth . . . since your first day as a DA . . . since last month. And it keeps right on moving ahead.

Because you're an important member of the dental team, you have to keep pace with dentistry's progress.

Let DENTAL ABSTRACTS help you. It's the 64-page journal that helps busy dentists keep up to date.

By special arrangement, your own *Dental Assistant* journal gives you a few selections from DENTAL ABSTRACTS each month—a sampling. So you know it's readable, informative—the world's best in capsule form. You want to know what's happening. You need DENTAL ABSTRACTS.

Don't lose a minute of dentistry's today and tomorrow! Subscribe!
